

Intensive Training Program in the Use of Virtual Technological Resources (PLE, spoc). (part 1b)

December 2nd-3rd, 2015

AGENDA

Participants: Universities (3 people/partner)

Venue: Faculty of Education, Campus Vida

Meeting point: Hotel Lux Santiago, 8:30 am

Responsible for the activity: Beatriz Cebreiro, Carmen Fernandez-Morante
(Department of Teaching and School Organization, USC) and María J. Malmierca
(CESGA)

OBJECTIVES

The purpose of this course will be to clarify and substantiate the concepts of personal learning environments and networks. During this training the participants will:

- a) Receive comprehensive understanding of personal learning environments and networks and other virtual tools.
- b) Design of a bank of materials for independent learning in different areas of knowledge especially basic working and employment related fields of materials of practical skills.
- c) Implement a plan of virtual training of new technological tools (web 2.0, social networking and cloud computing) for the training. This will allow teachers to be more active in their learning process and learn how to create shared understanding.

CONTENTS

1. Innovation Higher Education; the application of a novel technology approach, method or resource to improve teaching or learning, teacher's role, student's role
2. Technologies for an innovative proposal
3. Methodology: e-learning design, flexible environment
4. Teaching materials and tools: the design of technology-rich learning material
5. Implementation and students personalization

STAGES

	1st stage	2nd stage	3 Stage
Objective	1, 3	2,3	2,3
Contents	1,2,3	4,5	4,5
Date	December	January-March	April

After this course these tool can be used by partners for the development of a Virtual community during the project and longer.

Wednesday, December 2nd

9.00-10.30h

- Innovation Higher Education; the application of a novel technology approach, method or resource to improve teaching or learning, teacher's role, student's role
- Technologies for an innovative proposal

10.30-11.00h Coffee break

11.00-13.00h.

- Technologies for an innovative proposal

13:00-14:30h Lunch time. Restaurante Monte da Condesa

14.30-15.30h.

- Work in group by country: modules

15.30-16.00h. Coffee break

16.00-17.00h.

- Discussion: modules course

20:30. Dinner
